

PARTNER SEARCH FORM

for

Digital Europe Programme (DEP)

- ☒ I offer my expertise to participate as a Partner in a DEP Project
- ☐ I am planning to coordinate a Project and I am looking for Project Partners

TOPICS OF INTEREST

- **TOPIC ID:** DIGITAL-2026-SKILLS-10-DIGITAL-HEALTH-STEP — Advanced Digital Skills for AI Uptake in Health
- **TOPIC Deadline:** 1 October 2026, 17:00 CEST (single-stage)
- **Deadline for the expressions of interest:** Open — expressions of interest welcome as soon as possible (consortium consolidation ongoing, summer 2026)

PARTNER INFORMATION

▪ **Description of the Legal Entity:**

- Higher Education ☐
- Research Institution ☐
- Public Administration ☐
- Industry / SME ☒
- NGO ☐
- Other: ☐

Please specify: Independent consulting practice (SME / sole practitioner) specialised in AI strategy, AI upskilling and EU AI Act governance for the pharmaceutical, biotech and healthtech sector.

▪ **Description and expertise of the team:**

Muriel Gosnat AI Consulting is led by Dr Muriel Gosnat, who combines a PhD in Chemistry and an MBA in AI & Data Innovation (ESSEC / De Vinci) with 20+ years' experience across pharmaceutical R&D, Medical Affairs, Regulatory Affairs, digital transformation and healthcare communication.

Core expertise: design and delivery of AI-awareness and upskilling programmes for executives, functional teams and professionals working in regulated environments; EU AI Act readiness, AI-literacy obligations and AI governance for high-risk AI systems in health; and AI strategy and use-case framing for pharma, biotech, CRO and healthtech organisations.

Direct, hands-on experience on high-risk AI systems within the meaning of the EU AI Act (AI model design and validation in regulated pharma R&D), with a resulting peer-reviewed scientific publication. Fully bilingual (French / English); active across France, Belgium, Switzerland and the Netherlands.

▪ **Potential role in the project:**

- Technology provider ☐
- Data provider ☐
- Research ☐
- Training ☒
- Dissemination ☒
- Other: ☒

Please specify:

Design and delivery of AI-readiness and EU AI Act training content tailored to healthcare organisations and their workforce (executive, clinical, regulatory and R&D functions); sector-specific pharma / life-sciences expertise; dissemination to French-speaking healthcare, pharma and biotech networks.

Expertise / competence needed in case of searching for Project Partners:

Applying as a partner offering training and AI-governance expertise. Complementary partners welcome: higher-education and training providers, healthcare-delivery organisations (hospitals, care networks) as pilot sites, and a coordinator experienced in Digital Europe Programme management.

▪ **Other areas of interest for collaboration:**

Operationalising EU AI Act AI-literacy obligations (Article 4) within healthcare organisations; train-the-trainer and executive AI decision-making programmes; AI-readiness assessment frameworks and role-based learning paths for clinical, regulatory and R&D functions.

▪ **Already experience in EU funded projects as a:**

- Coordinator: ☐YES ☒NO
- Partner: ☐YES ☒NO

▪ **Project experience and track record:**

Independent AI strategy and EU AI Act consulting practice serving pharmaceutical, biotech, CRO and healthtech organisations across France and the wider EU.

Selected track record: an “AI awareness & EU AI Act” programme designed and delivered for executives and functional teams; practitioner tools (EU AI Act Compliance Navigator, AI governance framework builder, use-case prioritisation tools, regulatory-watch dashboard); and a webinar series for pharma executives on critical AI decisions.

20 years in pharma, including hands-on work on high-risk AI systems within the meaning of the EU AI Act (AI model validation in regulated R&D) and a resulting peer-reviewed publication.
